Paper making is among the 'four great inventions' and one of the great contributions that ancient Chinese people made to the world. Before the existence of paper, our ancestors utilized knots in cords to record events. They then carved on bone, ivory, tortoise shell and bronzes. For very many years they wrote on pieces of bamboo.

The downside is that bone conduction headsets are not great for bass. I estimate the sound cuts out at about 40Hz, compared to 20 Hz for normal headphones (and 5 Hz for good ones). The 'speakers' may be able to do lower frequencies, but then it has to go through your tissue, which tends to muffle sounds.

Raised Surfaces create great textural dimension through the construction of felt forms that rise up and over the surface of our felt. By repeating these forms, we establish a strong sense of movement, creating felt canopies of leaves or waves, a floating garden of felt or silk blossoms, or dancing, twisting bone-like structures.

The Dog Bone Christmas Stocking is an adorable way to celebrate your pup during the holiday season. It does not make sense to make a traditional Christmas stocking for a dog. They do not wear stockings! This is why these Christmas stockings are woof-tastic. They look just like a bone, making them stand out in the crowd. Have a cat?
