Another practical reason for different scales is the size of the original that the models are based on.

Warships are often built in scales of 1/350th or 1/700th because warships are generally very, very,

What to Know. Sympathy, constructed from the Greek "sym," meaning together, and "pathos," referring to feelings or emotion, is used to describe when one person shares the same feelings of another, such as when someone close is experiencing grief or loss. Empathy is a newer word also related to "pathos," but there is a greater implication of emotional distance.
